Email: rachamallasaitaja2005@gmail.com

Location: Hyderabad

Career Objective

"Ambitious and highly motivated Java full stack developer with a strong foundation in both front-end and back-end technologies. Proficient in Java, Spring Boot, HTML, CSS, JavaScript and SQL with hands-on experience through various academic projects. Adept at developing scalable web applications and creating user-friendly interfaces. Demonstrated ability to work in team settings and passionate about leveraging technology to solve real-world problems. Eager to contribute to a dynamic development team and drive innovative projects in a professional environment."

Education

Intermediate

Mahatma Jyothiba Phule Telangana Backward Classes Welfare Residential Educational Institutions Society Kukatpally Boys in 2023

SSC

Sree Vidya Mandir High School in 2021

Technical Skills

- **HTML**

HTML (Hyper Text Markup Language) is the standard language used to create and structure content on the web.

- **CSS**

CSS (Cascading Style Sheets) is a stylesheet language used to control the presentation, formatting, and layout of HTML documents.

- **Java Script**

JavaScript is a versatile programming language used to create dynamic and interactive elements on websites.

- **Java (Core and Advance)**

Java is a robust, object-oriented programming language used for building platform-independent applications, with core features focusing on basic syntax and advanced features supporting complex, enterprise-level development.

- **SQL**

SQL (Structured Query Language) is a domain-specific language used for managing and manipulating relational databases.

Projects

E-learning Web App (Prototype)

- **Description:**

Developed a responsive e-learning web application prototype with user registration, interactive dashboards, and comprehensive course management using HTML, CSS, JavaScript and SQL.

E-Commerce (Prototype)

- **Description:**

Developed a scalable e-commerce web application prototype featuring user authentication, product management, shopping cart, and payment integration using HTML, CSS, JavaScript and SQL.

Hobbies:

- Reading Books
- Cycling
- Research, Update on Emerging and Early Tech Related
- Contributing to open-Source projects
- Exploring artificial intelligence (or) Machine learning.

“ I am constantly striving to improve myself and make corrections along the way, believing that each step forward , no matter how small, contribution to personal growth and development”
